- Commitment to Excellence
 -
- Focus on Sustainability

Descriptions

ASI UK delivers unique high-quality training courses, tools and services in Air Traffic Management (ATM) to various sectors in the aviation community. The content of most of our training products is simply not available elsewhere; the quality of our instructors and lecturers in terms of their approach to the subject is unmatched.

At our Institute of Air Navigation Services in Barcelona, we provide a wide range of products, from general introductory courses on ATM concepts to advanced operational training, building on many years of expertise.
